

FLOCKTON'S HAD ENOUGH....

...of Kirklees Council's attempts to solve our traffic problems over a great many years. The minimal signage for the recently introduced 20mph zone and the subsequent lack of enforcement being the latest. It's quite simply...

NOT GOOD ENOUGH !

There are soon to be 2 events where YOU can actively show your support for the campaign for a bypass and to highlight our issues:-

- 1. Raise public awareness on a "Zebra to Zebra" circular walk. As many laps as you are able to do. Monday 1st July between 4pm and 6pm.**
- 2. Turn up in numbers when the bypass petition is presented at a full Kirklees Council meeting at the Town Hall. Wednesday 17th July at 5pm outside, meeting commencing at 5.30pm.**

The various news providers (press, radio, tv) are to be invited to both events, therefore these will require as many of us as is possible in attendance, along with appropriate banners and placards etc. Younger children to wear hi-vis clothing if attending please.

Words on social media have limited effect. Actions speak louder. Show YOU care by being there. Thanking you in anticipation.

Please ask any Bypass Group member for further details if required. Visit www.flocktonbypass.co.uk if you don't know one personally. Details and any updates will also be posted on the 2 facebook groups, Flockton Community and Flockton Bypass.
